Jay Hewitt – Finish Line Vision™

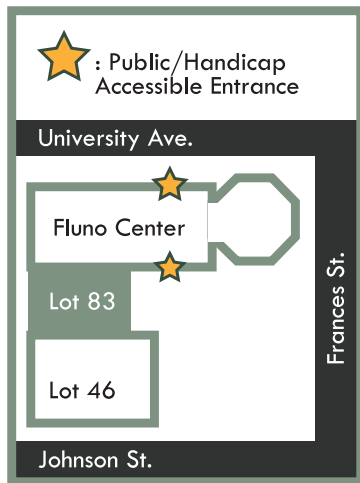

Elite Ironman triathlete (2.4 mile swim, 112 mile bike, 26.2 mile run) and three-time member of the US National Team, Jay Hewitt has had type 1 diabetes for 17 years. He is a dynamic speaker who will get your blood pumping with stories from racing Ironman triathlons and motivation for you to reach your own individual Finish Line.

“Everyone has a finish line in life. Sports, school, career or personal. Something is out there calling you, and diabetes will not stop you. You have to make the bad thing that happens to you the best thing that happened to you,” says Jay. “I would not be racing Ironman triathlons if I had not been diagnosed with diabetes. Diabetes is my motivation, it drives me to train and race for hours, endure the pain, all to send a message to this disease that ‘you’re messing with the wrong guy!’”

In addition to being an elite world class athlete, Jay is a professional motivational speaker, attorney, and married with a two-year-old daughter. Jay’s website and blog is www.finishlinevision.com.
